RE: Topaz Mining Property M/023/003, Juab County, Utah

Dear Mr. *Lowell* Braxton:

Enclosed herewith please find two copies of modified pages for the Reclamation Plan for Brush Wellman's Topaz Mining Property in Juab County. The changes on these pages reflect the stipulations presented in the Division's letter of September 28, 1988 and agree to in Brush's letter of November 2, 1988, also changes in the reclamation cost estimate that resulted from those changes. The modified pages are marked revised and should be installed in the Division's two copies of the Reclamation Plan. The pages replaced by the revision pages should be removed.

Assuming that the Division concurs that all conditions in the September 28 letter have been met, Brush Wellman requests that the Division now issue final approval of the Reclamation Plan for the Topaz Mining Property. We understand that appropriate bonding documents remain to be completed. Brush Wellman is prepared to move forward with completion of these final steps when the Division provides us with the appropriate documents for review and/or completion.

Please contact me should you have any further questions regarding the reclamation plan. We are looking forward to finalizing the Reclamation Plan preparation for the Topaz Mining Property by receiving from you a letter stating that the Division has issued final approval of the plan.

Sincerely yours,

BRUSH WELLMAN INC.
